

Think Science

College of Science
Saluki Science Ambassadors (SSA)
Living and Learning Community (LLC)

Present

Research Connection

Tuesday September 10th, 2019

**5:30-7:00 PM
Lentz Last Resort Room**

Join fellow College of Science students for dinner and stick around for engaging presentations. Participate in biweekly discussions on a variety of interesting scientific issues and useful academic topics. This week we'll host an informal research poster symposium where faculty, graduate and undergraduate students from throughout the college will discuss their projects. Come out and discover what research in your area is being done on campus.

Contact Duane Lickteig, Coordinator Recruitment and Retention at dlickteig@siu.edu for more information about Think Science series and Saluki Science Ambassadors.
